

CAPABILITY STATEMENT

COMPANY OVERVIEW

Dougall & Nurse Technology Consulting, LLC specializes in transforming digital environments for federal agencies. We excel in Data Analysis, Data Strategy, Enterprise Design, IT Strategic Planning, and Software Development. We optimize IT infrastructures, design effective system architectures, and develop business intelligence solutions. Our expert team guides projects from planning to implementation and maintenance.

CORE COMPETENCIES

- **Advanced Architecture & Integration:** Expertise in system design, API development, Tibco, Mulesoft, and technology integration.
- **Comprehensive Software Development:** Proficient in Java, C++, PL/SQL, and various programming languages.
- **Effective Data Management & Analysis:** Skilled in data management and business intelligence with Oracle, SQL Server, Power BI, and Tableau.
- **Robust Project Management:** Strong in technical project management, Agile methodologies, and user acceptance testing.

DIFFERENTIATORS

- **Government Focus:** Leverage corporate experience and industry standards to elevate government agency operations.
- **Tailored Digital Transformation:** Customize digital solutions, ensuring budget-friendly, effective transformations.
- **Customer Service:** Collaborate closely with clients, deeply understanding and addressing their unique challenges.

PAST PERFORMANCE

District of Columbia, Office of Contracting & Procurement
Date(s): 2022 - 2024

Developed Tableau dashboards for monitoring PPE distribution during COVID-19 and created a Quickbase application to streamline surplus property tracking. Enhanced the Strategic Logistics Center's operational efficiency and emergency response capabilities.
